PROFILE

Artificial Intelligence student with hands-on experience in Python, Machine Learning, NLP, and data analysis. Built practical projects using Python, Pandas, Scikit-learn, Streamlit, and related tools. Looking for AI/ML internships and entry-level opportunities.

EDUCATION

University of Sindh, Jamshoro, Pakistan

Bachelor of Science in Artificial Intelligence | 2024 – Present

- Relevant coursework: Machine Learning, Natural Language Processing, Computer Vision, Probability & Statistics, Computer Networks, Parallel & Distributed Computing

SKILLS

Programming: Python, SQL

Machine Learning: Scikit-learn, Regression, Classification, Model Evaluation

Data & AI: Pandas, NumPy, Matplotlib, Statistics, NLP

Tools: Streamlit, Git, GitHub, Excel, AWS, VS Code

PROJECTS

PSL Data Analysis

- Analyzed Pakistan Super League data using Python and Pandas to identify player and team performance trends.
- Performed data cleaning, statistical analysis, and exploratory data visualization using Matplotlib.
- Built an interactive analysis application using Streamlit.

Responsive Landing Page

- Built a responsive landing page with a sticky navigation header, hero section, CTA, and mobile menu.
- Implemented interactive navigation using JavaScript DOM methods, event listeners, and class toggling.
- Technologies: HTML, CSS, JavaScript
